JUL 21 2008

POSTAL REGULATORY
COMMISSION
OFFICE OF THE SECRETARY

The Honorable Dan G. Blair
Chairman, Postal Regulatory Commission
901 New York Avenue, NW, Suite 200
Washington, DC 20268-0001

Dear Chairman Blair:

Thank you for your letter to Secretary Bodman regarding the Report on Universal Postal Services and Postal Monopoly, Docket No. PI2008-3.

The Department of Energy (DOE) is fortunate to have a U.S. Postal Service (USPS) Account Representative to work with our agency's mailing concerns. Our mail team has fostered a strong business relationship with our representative, the USPS Business Service Network, and the General Services Administration on mail service and policy issues. We are pleased with the geographic scope of services, the range of products, access to postal facilities, delivery services, level and structure of rates, and quality of service provided to DOE offices nationwide. At this time, the Department has no specific comments on the Report.

We appreciate the opportunity to review the Report and are pleased to know that in a constantly changing industry, the Postal Service is doing what is necessary to meet the needs of all who require mail services.

If you have any questions or require further assistance concerning this matter, please contact Michael S. Wolfe, Director Mail and Transportation Services at (202) 586-4375 or via e-mail at michael.s.wolfe@hq.doe.gov.

Sincerely,

Brian D. Costlow
Director, Office of Administration
Office of Management
